Press Release of ISCO International, Inc. dated June 15,
2007

ISCO International CEO and CTO Terminate 10b5-1 Trading Plans

ELK GROVE VILLAGE, IL -- 06/15/2007 -- ISCO International, Inc. (AMEX: ISO), a leading supplier of RF-conditioning and interference-control solutions for the wireless telecommunications industry, announced that two of its executive officers have recently terminated 10b5-1 pre-arranged trading plans.

Rule 10b5-1 of the Securities Exchange Act of 1934 permits the adoption of a written, pre-arranged program of trading when insiders do not possess material undisclosed information. The existence of such a program allows for personal holdings to be diversified in an orderly fashion from time to time, often as part of a personal financial, tax, or estate planning strategy.

During June 2006, Mr. John Thode, President and Chief Executive Officer of ISCO, adopted a pre-arranged trading plan that could sell up to 800,000 shares of ISCO International common stock over an 18 month period, subject to a minimum share price requirement. Dr. Amr Abdelmonem, Chief Technology Officer of ISCO, similarly adopted a pre-arranged trading plan that would sell 600,000 shares of ISCO International common stock over an 18 month period. Transactions under this program were publicly disclosed on Form 4 and other filings as required by the SEC.
